## Business Institut

### General Information

MBA program International Executive utilizes the Internet to deliver a business education that is not confined by class times or academic calendars. Distant Learning or e-learning executed in English Language allows student to work on coursework whenever they find it most convenient.

MBA program includes lecturer meetings held once every educational module. The program consists of 12 modules divided into 3 semesters; hence every semester comprises 4 modules. In the last module the student submits dissertation. Students prepare and complete assignments at the end of each module which enables them to adopt individual fields of program to the core. The programme is finished with an oral examination and the final dissertation defence.

After admission process, students gain access to the Student Section on the Business Institut websites which provides all necessary information, documentation, deadlines, and study materials. Moreover, it is utilized as an effective means of communication between lecturers and Study Department.
